Dear Mom and Dad, 4-23-74

Keeping pretty busy at home I gather.

There's been lots of typewriting going on here too for the last week or so (possibly for the last month) and I have had nothing to do with it except to lend some typewriting paper to a friend. I could have typed my organic special project but it was rather short so I "penned" it.

If I were to come home by bus or friendly ride I would have to be back by Sat May 4 that no later than about 1:30 pm to pick up cap and gown (2:00 pm is the latest hour that caps and gowns will be distributed on that day). Everything else can be taken care of later that day (practice at 2:30 picture at 2:00) or the next day.

I may make it back on my own Friday or Saturday (finding a ride and or hitching or bike hiking). Otherwise I will write or get in touch saying that I'm staying.

Well, I've got a test (the first one-sensory) in less than an hour.

[I had a pretty dream this morning - in part of it there was a dogwood tree in "full" bloom with orange flowers - the orange of fall leaves - but had green leaves already too when I looked closer. The whole thing was made even prettier by a morning sun shining on it]. when I woke up seconds later the morning sun was shining not unlike that in my dream.

Love,

Mike
