Dear Mom and Dad, 4-17-73

It's about time I wrote. I've gotten two letters from home since I saw you last Wednesday--it was sure nice seeing you. - though it has only been a week. Thank you for the letters. Especially Nice to hear your side of things too, Dad.

I was happy to see Bill and Monika too.

Thank you for the "Happy Easter!" Happy Easter to you, too. This might be the last letter, especially since I won't have any envelopes left, before you come pick me up. How about 10 am Friday morning (Apr. 27)?

I got an 81 on my last Physics test.

One more track meet before next Friday. I ran a 5:07 mile last Saturday at Susquehana and followed with an 11:37 two mile. This Thurs. we go against Mansfield here.

I'm about half way through a paper for Physiological Psych (I got an A on the paper in Abnormal Psyche) which is now due Monday (23rd). I have a chemistry exam tomorrow. Then next week (Wed) I am to turn in a take home test ("quiz") for Physiological Psyche and take a Physics test and Abnormal final all the same day. That Friday will be the final in Chemistry. That's it, something in all four courses. /Only one more lab (Physics) this thurs. so I have tues & thurs off next week (study time). And with only one class this Friday I should make it okay.

It has been real nice weather up here the last few days. The trees are actually starting to turn green. It looks nice. Hope you're enjoying it, too.

Love, Mike
