Dear Mom and Dad, 4-10-73

short a time. Some professors get caught short because the end of April comes so soon.

Delaware Valley won the track meet Saturday. Dickinson beat us. I caught up to one of the other guys on our team running the mile the time must have been pretty close to 5 min. I did a little better in the two mile too (the time was still over 11 mins though).

See ya. Love, Mike

Box 513 is right. There have been no complaints from the mail room. (I know its right anyway).

I missed the Bermuda lecture last week because of track and the same thing will happen tomorrow. Dr. Sherbine says to get the notes from someone and that he has some handouts to give me.

My leg hasn't been going to sleep lately when I run.

I'm glad Tzu is doing okay.

I relax pretty good now when eating. I go to eat when the cafeteria is less crowded. Because of track practice I have to go late for dinner--just make it before they close sometimes. There are less people there then--less noise and I'm more relaxed after running.

So Bill isn't out for track. I hope to see him tomorrow anyway and you two too. But I can understand if the Bishop is coming.

There is a good bit left to do in these last less than 3 weeks to go. Though I have no labs the last week, no afternoon classes Friday the 20th, and no classes the last two days because of final exams scheduled (of which I'll have at least one-chemistry), it seems that there is more than can be done in this
