Dear Mom & Dad,
1971]

Tues. the 5th [Oct.

It's really raining up here this morning.

Love,

It was raining Sat. afternoon. Rained Monday off and on very light. Sunday was beautiful (very warm and sunny). Today is not so bad - cooler - but at least its not raining.

Mike

I almost forget sometimes that I have to work on Tues afternoons. I've eaten lunch and have to go in about 45 mins.

I took a walk up to Grampian Hill Sat night but thats the only time. Joe and I ran the last couple of days to start getting in shape. He for wrestling and I for track.

I had a dream about Gabriel the other night. Seemed so real. Fur was dark brown as I remember it. He seemed to be the only cat we had instead of Reuben.

I got an 82 on the 1st Psyche test. I took the 2nd one Monday to try for an A. I haven't gotten the results from this test yet.

Wed. 10-6-71

I changed rooms last night I'm now in 325 on the other wing (Left wing) 2nd door to the left. Rooming with freshman now Bob. I don't know his last name. Forgot. Send main to same address.

It was a 3 room switch. I don't mind. Hope this letter gets home so you can find me when you get up here.
