Dear Mom and Dad,

March 21, 1973

I hope Tsu can live.

The first couple days of Spring are sunny and mild (nice). There were a couple days when the temperature dropped here too and a considerable amount of snow and wind (less wind than other places, I think). The snow melted just about as fast as it came but it was very cold for awhile.

Thanks for transferring my money, Dad. I'll pick up my pictures tomorrow and send my application on its way. There are no photo booths around town that I could find so I went to a photo studio. Two pictures for \$6.

Track is going pretty good. I'm getting in better shape. The girl is still out.

That's a shame, about Agnus.

I'm just going to work on Sundays now. I'll be able to practice for track on Saturdays and go to the two Saturday meets without asking off from work each time and I'll also have more time to get things done.

I think I'm doing pretty good so far but I do need a little extra time (and relaxation). [if that's the way it turns out]

hope things keep going well for you. I hope Joan & Richard have a good time in Michigan. Has Bill gotten involved with track at all (or can you tell)?

Back to using a little extra study time.

Love, Mike
