Dear Mom & Dad    Apr. 30 [1971]

Mike

3 weeks of class then exams.

Had my test this morning I'm sure I got a 70

That's not good but I know I did good. I did all the problems in the book real well And I did really need by [my] notebook of [and] Text Book for the test (it's open book) I knew all the formulas. It was simple.

Confusion results in reading more into something than is there. It's all there (at least in the book's problems).

I know the book. But I don't quite know my teacher "well" enough.

I have a couple Bio. books out of the library I plan to read in a couple weeks - (for the hell of it).

Got your letter, Dad. Thanks for all the special compliments.

I'll have to work hard in practice today

It starts in about 45 minutes.

Last meet is Tuesday against Juniata. Then to find out about MAC's. We'll all probably go.

Seth said-about 880-that he just put my name down. So if he had to pull anyone else out I suppose I'd be in. That's just the way things go.

Love,
